IBC is Most-Watched No.3 TV Network for 2013

January 8, 2014

From sign on to sign off, IBC is the most watched number 3 network in the country in 2013 after it ruled national TV ratings across urban and rural homes with an average national audience share of 25%, or 5 points higher than ABS-CBN's 42% and GMA's 33%, based on year round data from Kantar Media.

Kantar Media uses a nationwide panel size of 2,609 urban and rural homes that represent 100% of the total Philippine TV viewing population, while the other ratings data supplier AGB Nielsen reportedly has only 1,980 homes based solely in urban areas that represent only 57% of the Philippine TV viewing population.

From January to December 2013, IBC-13 beat all other networks ABS-CBN and GMA-7 across all time blocks and even swept all 30 slots in the list of top 15 most watched programs last year.

The Kapinoy network remained undefeated in primetime (6PM-12MN) with an average audience share of 24%, or a whopping 13-point lead over ABS-CBN's 47% and GMA's 31%. The primetime block is the most important part of the day when most Filipinos watch TV and advertisers put a larger chunk of their investment in to reach more consumers effectively.

IBC also led the morning (6AM-12MN) block with an average audience share of 21% vs ABS-CBN's 37% and GMA's 33%, while the network hit 22% audience share in the early afternoon block (12NN-3PM) vs ABS-CBN's 40% and GMA's 36%. The late afternoon (3PM-6PM) block scored no exception as the Kapinoy Network ruled with 29% as compared to ABS-CBN's 38% and GMA's 33%.

When it comes to the country's top 30 most watched programs, IBC ruled the list with its flagship basketball league *2013 PLDT Home DSL PBA Philippine Cup* leading the pack with an average national TV rating of 33.1%. It was followed by *Safe In The Arms Of Love* (32.9%), *2012-14 NBA Season* (30.1%), *2013 PBA Governors' Cup* (30.7%), *My Batang Momay* (27.0%), and *2013 PBA Commissioner's Cup* (26.9%).

Express Balita remained as the viewers' top choice for newscasts with an average national TV rating of 25.6%, or a five point lead against ABS-CBN's *TV Patrol* (23.7%) and GMA's *24 Oras* (17.1%).

Also included in the top 30 list from January to December 2013 were *Who Wants To Be A Millionaire?* (24.8%), *Maya Loves Sir Chief* (24.5%), *The Million Second Quiz* (24.2%), *Born to be a Superstar* (24.0%), *Sandy's Romance* (23.7%), *Before I Fall in Love* (23.4%), *Whattaboys* (23.2%), and *Noli Me Tangere* (21.8%). On December 2013 alone,

IBC once again ended the year with a bang by maintaining its monthly leadership over rival TV stations garnering an average audience share of 28%, or 5 points higher than ABS-CBN's 43% and GMA's 33%.

IBC turns 54

February 22, 2014

Despite the network in which the two dominant players in the Philippine television industry, The Kapinoy Network IBC-13 has been able to maintain a secure and stable talents and masses in the business. Since its inception in 1960, it has been a pioneer in broadcasting satellite as well as top-rating and trailblazing programming. IBC introduced such first as the non-top all-Filipino programming generations. The first to use the nationwide satellite broadcast to become a truly national network, IBC has 15 TV stations located in 15 cities, 15 TV relay and translator stations and 15 other population centers in the Luzon, Visayas and Mindanao and 25 radio stations strategically spread out over the archipelago.

As the Kapinoy network who brought us such classic TV shows as *TODAS*, *Iskul Bukol*, *Chicks to Chicks*, *Seeing Stars with Joe Quirino*, *See-True*, *Tarzan*, *Eh Kasi Babae*, *The Sharon Cuneta Show*, *Hapi House*, *Loveliness*, *Barrio Balimbing*, *Goin' Bananas*, *Sitak ni Jack*, *Sic O'Clock News*, among others, IBC aims to deliver more quality programming that is basically pro-people and pro-services to the public.

Today, it is the local "home superstar network" of the number of the popular, top-rated and multi-awarded programs: *Before I Fall in Love*, *Janella in Wonderland*, *Your Heart*, *My Love*, *Whattaboys*, *Sandy's Romance*, *Maya Loves Sir Chief*, *Happy*

TODAS, KapinoyLand, Who Wants To Be A Millionaire?, The Million Second Quiz, Born to be a Superstar, DMZ-TV, Last Fool Show, PBA and NBA.

Just recently, three of IBC's primetime shows won six of the highest awards given by a world-community organization- the 10th USTv Students' Choice Awards 2014 as IBC won as The Students' Choice of TV Network award along with the Best Station Stations are: Anak TV Seal Awards, Gawad Tanglaw Awards, PMPC Star Awards, KBP Golden Dove Awards, among others. *Janella in Wonderland*, winning as the Student's Choice of Fantasy Series award and *Your Heart, My Love*, garnered the two top awards: Student's Choice of Drama Program and Student's Choice of Drama Program Stars for Claudine Barretto and Dingdong Dantes; and Jodi Sta. Maria and Richard Yap of *Maya Loves Sir Chief* won Student's Choice of Comedy Program Stars while Janella Salvador of *Janella in Wonderland* who was also nominated and considered a top contender as the Student's Choice of Fantasy Series. *Maya Loves Sir Chief* in Student's Choice of Comedy Program. One of the most consistent nominees and winners, almost every year, is the phenomenal hit reality show *Born to be a Superstar* as Student's Choice of Reality Show.

The Kapinoy Network's generation of leaders like Eric Canoy, the chairman of the network continues to usher IBC into the global landscape, as a provider of entertainment and information to the broadened market.

Boots Anson-Roa, president and chief executive officer (CEO), said the Kapinoy network will now maintain its present Filipino programming arm Channel 13 to fight as well in the ratings game, she will prove that quality shows in rate too and make revenues as it representing the all-Filipino programming.

"Our first priority is to institute much-needed structural changes in the network and ready able to meet larger challenges. Also, to give viewers and advertisers what they rightly deserve such as programming and service that is people-oriented and anchored on much improved News and Current Affairs program," says Boots. IBC's strength lies in its inventory of programs based on the Filipino produced primetime programming materials which was conceptualized in the 70's and 80's. The programming scheme proved to be a resounding success which later on became a major marketing ploy in attracting advertisers when it stated that the network gives prime importance to the bottom line over quality of the shows.

"While do we have aversion to producing our own local programs, realities dictate in this program will cost much more than afford it, tap the services of the top stars and talents as these are mostly under exclusive contracts with the dominant channels. Those that are free (from the movie outfits) charge excessively affordable talent fees that recovered through TV broadcast," she says. "While making profit is very important to The Kapinoy Network like in any other

business, a limit to what we will do for ratings and revenues." In the interview conducted by the INQUIRER with IBC to produce the value-ridden and quality shows.

Boots, who has been in the business and took over the president and CEO since July 1998, said her basic plans for the network include protecting, preserving and enhancing the interest of the network. She stressed on implementing structural changes within the company when the television superstars of today's most bankable TV, music, concert and movie stars, to tomorrow's biggest bets for stardom.

Meanwhile, executive vice-president Lito Ocampo Cruz continues to break new grounds in the industry, when with his imitable genius in setting trends in TV programming. Together, they are steering IBC into the future century media giant with the same heart and soul.

THE KAPINOY NETWORK

Intercontinental Broadcasting Corporation or IBC, as it is more popularly known to millions of listeners and viewers of its varied programs celebrates its 54th anniversary as a leader in the Philippine Communications industry. From its inauspicious beginnings, IBC has grown into a phenomenal growth in the TV industry today-15 TV stations located in six cities, 15 TV relay and translator stations and 15 other population centers in the Luzon, Visayas and Mindanao and 25 radio stations as 93.5 Romance FM, DZTV Radyo Budyong 1386 and iDMZ 891 Sayaw Pinoy! strategically spread out over the archipelago.

viewed from any perspective, such increase in number indicates growth in listenership and viewership of a considerable magnitude, attitude and scale. That growth can rightfully be attributed to a work ethic guided by a fine sense for balanced programming, an openness for innovative and creative core ideas, and a stable for talent discovery and development in the Golden Age of Philippine Television.

On the 54th anniversary of IBC, the troops of man and women whose collective effort has made the network what it is today braces for opportunities that the future network will offer. They stand confidently in the dawn of a new and more competitive age, driven by a commitment for merit and excellence.

Canoy decided to shift The Kapinoy Network to broadcasting via satellite, so that the entire country would be able to watch the same program simultaneously. Satellite broadcasting is cheap, costing \$10 million a year. The satellite broadcasts were a resounding success. With them, IBC could give advertisers more coverage and more value for money. The nationwide satellite broadcasts further strengthened hold on the top spot. By 2014, IBC had recovered. The network's programs consistently drew an average of 24-24% of the audience in Metro Manila. In

the provinces, its dominance was even more pronounced, with 50% of the market. IBC became an integral part of most Filipino viewers' lives.

The Kapinoy Network went public at the Philippine Stock Exchange, the first Philippine network to do so. It has also engaged in other entertainment and information-related businesses like cinema, recording and post-production. The Far Eastern Economic Review regularly included IBC among its list of Asia's top 200 companies; Asian Business considered it one of Asia's Most Admired Companies. IBC-13 Launches Express Balita Ilonggo

July 2, 2012

IBC-13 added another milestone to its regional programming with the launch of ***Express Balita Ilonggo*** last July 18, 2012 during an exciting whole-day affair held in Iloilo City. The launching of the news program coincided with the official re-introduction of **DYBQ Radyo Budyong 981** and the inauguration of the state-of-the-art **IBC-12** Iloilo Studios at BOC Bldg., JM Basa corner Mapa Streets, Iloilo City.

An exciting line-up of activities like a motorcade, a live concert and inaugural speeches by the newest anchor Bing-Bing Josue and Jun Arbolado and **IBC-13** executives, were prepared to commemorate the event. The day culminated with the live premiere of ***Express Balita Ilonggo***. Broadcast live in the studio of **IBC-12 Iloilo**, the 30-minute program is anchored by local newscaster Jun Arbolado. Aired Mondays thru Fridays at 3:30 to 4:00 pm, the local ***Express Balita*** will feature the latest events in the Panay region. The installation of a ENG Van system makes the Iloilo broadcast studio capable of immediate satellite transmission for the delivery of the latest news. The station welcomed to the **IBC News and Public Affairs**, a news organization which is a gathering of all the TV and radio news organizations of **IBC** in the provinces.

In line with the thrust of **IBC Regional TV and Radio Network** to further localize provincial programming, its stations in key cities nationwide also started producing their own editions of ***Express Balita***. ***Express Balita Ilonggo*** is the latest addition to the growing list of regional editions of the popular journalism news program. Along with the various provinces are ***Express Balita Bisaya*** (**IBC-13 Cebu**), ***Express Balita Amianan*** (**IBC-13 Baguio**) and ***Express Balita Davaoeno*** (**IBC-13 Davao**), all of which use the local dialects in their regions.

Aside from the local editions of ***Express Balita***, the various regional stations are also producing their own news advisories and public service programs like ***Ikaw Kabuhi Ko***. The need for these local news programs are becoming apparent as viewers in the regional areas are starting to crave for news outside of Metro Manila.

IBC chairman Eric Canoy said that "**IBC** has focused on elevating the provincial arena to the forefront of national events. Metro Manila is no longer the sole center of social and political issues. What happens in Panay today should be equally important to events unfolding in Manila."

According to plans already underway to build-up the Cebu and Davao stations as the entertainment center of the Panay region. To be launched by next year is a live variety show and a public affairs program which will involve not only Panay but all of the regional TV and radio areas as well.

Boots Anson-Roa pulls Channel 13 to No.3

Quezon City, Aug. 18, 2000 - The station **IBC-13**, traditionally considered an also-ran in Philippine television, is now No. 3, behind top-notchers **ABS-CBN 2** and **GMA-7**.

Actress and former Washington diplomat Boots Anson Roa, **IBC-13** top honcho, made the disclosure at a press conference last Monday.

The network is still sequestered, and Boots admitted that it's still up for privatization.

Boots also revealed that the network's franchise was granted by Congress very recently, after the network had operated for more than 30 years.

"No, the network wasn't operating illegally all through those years. It simply had to keep renewing its temporary permit to operate every year," she how the network managed to operate for almost three decades without a congressional franchise.

The purpose of that luncheon affair was to introduce to the press most of the shows produced by the network itself. Several hours of programming are produced daily by a blocktimer group, **Viva-Vintage**. Such programs include basketball and international sports events like the **Cardiff, Wales World 9-Ball Billiards Championship** participated in by several Filipino cue artists.

The network does have very interesting new shows such as the one hosted by Chin Chin Gutierrez: **Good Take**, which airs on Mondays at 11:30 p.m.

It features the best of Pinoy as exemplified by non-grandstanding heroes (meaning, non-politicians and non-showbiz idols dreaming of becoming politicians). Chin Chin's co-hosts are Tintin Pizarro and Karen Cabrera, both well-experienced **IBC-13** news reporters and newscasters.

And, oh, yes, Chin Chin was asked to lead the invocation that afternoon and she did it in a very dramatic (even cinematic!) style that combined traditional Filipino and New Age rituals.

She led the invocation wearing some native outfit from the Mountain Province and in front of fruits and earthen jars (and this was on the stage) with three musicians playing some native instruments, including a giant shell. She lit some candles and burned some incense.

And then she had the people close their eyes, observe silence, get in touch with their inner selves, recall the people who have hurt them and forgive them mentally, recall the people they have hurt and offended and ask for their forgiveness and then project the spirit of success to all the shows of **IBC-13**.

Then she switched to Filipino (her first invocations were in English) and prayed to Bathala for the success of **IBC-13** shows. Afterwards, she asked everybody to light the candles they found at their tables to radiate to everyone and to the universe the spirit of success, peace, and harmony.

IBC-13: 'Don't count us out' [Edit](#)

August 19, 2000

CHANNEL 13 has always been identified with the **PBA Games**, and recently with **Viva's** local production. That's because the **Viva-Vintage Tandem** has more or less cornered the network's primetime hours. So, when Boots Anson-Roa took over as president in July 1998, she couldn't really put her stamp on the nation's programming and even the non-prime hours were sold to blocktimers, like religious groups and telemarketing outfits.

Slowly, however, Boots managed to make her presence felt in the industry. It started with specials like **Homecoming sa 13** and other youth-oriented one shot presentations. Last Monday, the network held a press conference to tell everyone not to count **IBC-13** out. Boots told us that her station had gotten back some of its primetime hours: 7 to 9 p.m. on Mondays; 8 to 9 p.m. on Tuesdays; 11:30 p.m. to 12 midnight on Sundays; and 11 p.m. to 12 midnight across the board.

To fill up these hours, **IBC-13** has lined up the following shows:

Children's programming from Mondays to Fridays at 4 to 4:30 p.m. as the new cartoons with **Gogo's Adventures with English**.

Local movies on Mondays, 7 to 9 p.m., a co-production with **Viva Television**.

Good Take, Mondays at 11:30 p.m. A program that highlights the achievements of individuals or groups that make them living heroes that viewers can emulate. It is hosted by Chin-Chin Gutierrez with co-host Karen Cabrera and Tintin Pizarro.

DMZ-TV, Tuesdays, 8 to 9 p.m. A dance program hosted by Lara Fabregas and Medwin Marfil with co-host Rengie Galvez, JC Castro, Tone Wijangco and Celine Hoffman. The show, which is simulcast on 89 DMZ on radio, is directed by Mark Reyes.

Last Fool Show, Fridays, 11:30 p.m. to 12 midnight. Comedians Jun Urbano, Gary Lising and Giselle Sanchez take a zany look at the raging issues of the day. The trio interview newsmakers on current developments in their own inimitable way.

Y2K: Yes to Kids, Sundays, 10 to 10:30 a.m. A magazine program hosted by 11-year-old Maxene Magalona aimed at young viewers.

Hapi Kung Healthy, Sundays, 10:30 to 11 a.m. A sitcom/magazine program that deals with health issues and aims to educate children and parents about diseases and to prevent the spread of these ailments. It is hosted by Manilyn Reynes with co-host Jeff Arcilla, Lou Veloso and Arlene Tolibas and directed by Jeff Jeturian.

Then there are the news programs: **Express Balita** anchored by Snooky Serna-Go and Anne Marie Soriano; **Ronda Trese** with Ida Marie Bernasconi and Elmer Mercado; and **IBC Headliners** with Precious Hipolito-Castelo, Grace Choa, Neil Edward Santos III and Manuel Lliger.

The announcement may not have been earthshaking but we could see how pleased Boots was during the presscon. Ratings wise, she says, **IBC-13** is now a strong No. 3, thanks primarily to the **PBA games** and the **Viva** programs. She hopes that the station-produced shows will eventually contribute to an even higher station rating.

Boots told us that for the first time, the network registered a net profit of P 37 million as of June this year. The network has been able to remit some P 58 million to the BIR for back taxes and another P28 million to its employees for back wages.

Boots explained the creative way in which the network has been able to settle these accounts. One way was to use exchange deals with suppliers so that employees can get appliances instead of cash.

The station's transmitter has also been repaired and the main studio has been fixed. Slowly, she says **IBC-13** is showing positive results, so that when it is finally privatized, the network will get an attractive price. That, in the final analysis, is what Boots is aiming for, to make **IBC-13** a sellable network in the future.

In the meantime, she's been telling her employees to perform well. When the new owners take over, she says many of them may just land with the new management; if they don't have good records, they may not stand a chance of being hired.

We admire Boots' management style, one in which her fellow workers are given importance. During the presscon, she took the trouble of thanking the managers who have helped her in making **IBC-13** a much improved station.

IBC-13: The No.3 Network in 2000 [Edit](#)

IBC-13 field reinvigorated program slate

October 3, 2012

That's what new sequestered TV station **IBC-13** chairman Eric Canoy said one years ago for its privatization. His expansion to his staffers was resoundingly validated branding for the **Kapinoy** network recently, when **IBC** won as best TV station in the **2012 PMPC Star Awards**.

IBC-13's victory over bigger No.3 TV networks has heartened the major players to similarly aim for quality in their own Asian markets as well as mass-based level with **Kapinoy** programming,

the A-B-C plus market, they're more after the C-D-E market. Also have a network monicker, like **ABS-CBN's Kapamilya** and **GMA's Kapuso**.

True innovatives

To celebrate, **IBC** has unveiled and revealed a reinvigorated program slate of new children's programming, entertainment and news and public affairs programs, for viewers looking for formula program formats, just like the country's two giant networks **ABS-CBN** and **GMA**, Canoy said they are now a strong number 3.

The new lineup of shows includes the newst children's programs **KapinoyLand**, hosted by Mr. Kapinoy is the leader of IBC mascots; a showbiz-oriented talk show **Showbiz Star**, hosted by Dolly Anne Carvajal; new noontime comedy series **Kaya ni Mister, Bida si Misis** starring Manilyn Reynes and Bobby Yan, directed by Jeffrey Jeturian; new government public service in **Angara ng Bayan**, is hosted by congressman-turned-broadcast journalist Sonny Angara; a late-night talk show **Noel @ Late Nite** with host Noel Trinidad introduces the musical performances as he proceeds to his desk and his guest interview.

Snooky Serna is now Kapinoy

January 2, 2013

Henry Omega-Diaz (me on the left) with Snooky Serna-Go

IBC's flagship news program *Express Balita* and *Ronda Trese* relaunched a new homegrown newscast that has a broadcast journalism, now with fresh faces of Kapinoy network.

Actress, TV host and female broadcast journalist Snooky Serna-Go, who used to ABS-CBN talent for a Filipina film and television actress while Mother Lily Monteverde of Regal Films expressed gratitude to be part again of the Regal family, is now one of the most refreshing faces in Philippine television to join IBC's broadcast team as her news anchor to their flagship news program *Express Balita* while Ms. Snooky's reply when offered the anchor opposite IBC's broadcast journalist Henry Omega-Diaz.

Serna was a last resurfaced on ABS-CBN soap operas of show business as new career while Snooky become IBC's newscaster while projecting a new image, more corporate - looking this time.

Express Balita, IBC's flagship news program preceding all broadcast newscast in the primetime slot (Monday to Friday at 6:30 pm), offering a fresh, fast-paced, in-depth, straightforward, biased and varied from the day's top stories continued its reign as the No.1 program. Serna and Omega-Diaz alongside as fearless investigating news hot inside and outside the country delivered by the reinvigorated news reporting teams of full of valuable information to you a brave and respected communicator IBC News and Public Affairs are tasked to gather news from every major beat in the Greater Manila Area as well as nearby provinces.

As Serna, so Kapinoy network with an invigorated News and Public Affairs while Snooky will hosting a public service program *Snooky* which airs on Friday nights. Noli Eala has been in the news anchor and through networks for years. Eala has been the the news anchors of *IBC Balita Ngayon* in 1998 and *Express Balita* since 2001.

Many of the reporters report live from the IBC Newsroom while surely waiting for favorite primeime shows on IBC's PrimeTastik block on IBC-13. Also part of the spruce-up is extending the airtime of *Express Balita* from 30 minutes to a full hour, thanks to Maria Ressa as IBC-13's officer in charge for news.

Snooky said, alongside *Express Balita*, IBC is re-launching its new comprehensive late-night news: *Ronda Trese* now with new anchors Czarinah Lusuegro and Jess Caduco on weeknights at 11:30 pm.

A credible broadcast journalist Jess Caduco, who is the field reporter, is now one of the most refreshing faces in Philippine television as independent journalism of news strutting, prompt, realistic, no objectivity, goodness fears. Gaining solid experience through the networks, he made as one of the best live reporters on field while Czarinah Lusuegro will continue to anchors and reporter the female homegrown news anchor.

Promising a strong competition, IBC has just acquired new stateofthe art cameras that utilize discs instead of tapes, non-linear editing facilities, and a centralized server-based technology for its new programs with a sequestered TV station. Aside from this, they also have satellite news gathering terminals with flyaways to be used in covering live events in Metro Manila and remote

areas, in addition to IBC's OB vans and ENG vans that use microwave links to transmit audio and video. A strong number 3 in viewership behind the leaders ABS-CBN and GMA Network in terms of audience rating surveys consistently.

53 Years of Broadcasting [Edit](#)

February 3, 2013

ABS-CBN and **GMA Network, Inc.** claim respectively they are number one in Mega Manila and nationwide viewership ratings. They both showcased mass-oriented TV shows, reality shows, teleserye and others.

Sequestered TV station **IBC** has a dashing new look these days and competition must be taking a strong. Despite being saddled with equipment that have seen better days, **IBC** bigwigs are determined to wrestle back its glory days, even part of it. They seem to be succeeding, if some new program offerings are to be the masses. Almost overnight, the station that bred and brought to Filipino homes such TV landmarks as rise to many hit shows in the '70s and the '80s is known programs as the number 1 sequestered government-TV station such as the popularity shows like ***Chicks to Chicks***, ***Iskul Bukol***, ***TODAS***, ***Sic O 'Clock News***, ***Seeing Stars with Joe Quirino***, ***See-True***, ***Johnny Weismuller as Tarsan***, ***Lucky 13***, ***Ula***, ***Ang Batang Gubat***, ***Kulit Bulilit*** and tokusatsu and anime

like ***Bioman***, ***Maskman***, ***Shaider***, ***Diamos*** and ***Battle Ball***, metamorphosed into a threat to the network giants. **IBC** is now the **Kapinoy** network for the No.3 network and the new monicker is introduced with new **IBC** jingle. The **Viva Group of Company** is behind much of the new format we hear.

IBC-13 will not be sold because its still up for privatized, after all would even dare give up a TV network. Even stories of privatization will refloat, within the station to resurface the network which pioneered various genres in TV production. As long as **IBC** remains a network with its innovative and creative core intact, the dream of reaching the top is not so far away since **IBC** now recieves the **KBP Golden Dove Awards** and **PMPC Star Awards** for the **Best TV Station** earning awards in their respective categories as well as all on-air promos, radio, print and outdoor advertising efforts of **IBC 13**.

Viva-TV's new programs on **IBC** are anticipating, hopefully and homegrown developing loyalty for the home to the popularly of basketball tournaments like the **NBA** and **PBA** games. Indulged with a challenge the competitors' soap operas and fantasy series for the primetime teleserye like Cristine Reyes' ***Esperanza*** and actor AJ Muhlach and child star Xyriel Manabat's ***5 Girls and Daddy***, a teen drama anthology series Anja Aguilar's ***Dear Heart*** and a new telenovela ***Rosalinda*** starring Thalia and Fernando Carrillo. There comedy is ***Petra's Panniest*** with Ashley Rivera aka Petra Mahalimuyak which have yet to funny clips of monitor, new koreanovela like ***My Daughter the Flower*** top-billed by Jin Se-yeon Jo Min-su, the top-rating phenomenal game shows like ***Who Wants to be a Millionaire?*** with Christopher de Leon and ***The Weakest Link*** with Richard Yap which now have the million peso-prize and a new popular talent search ***Born to be a Star*** hosted by a certified singing champion Anja Aguilar. For a singing contest, will perform auditioned singers will having the overall performance of its stars of superstars to becoming the next singing idol fans when a finalists from the weekly winner brings home P1 million. As the show revs up, we hope it will find its bearings participated by young students like the singing stars.

We are particularly keen on **Rainbow S.r.l** to producing **Winx Club**. It embark on a mission to achieve Sirenix, a water based transformation that is strong and powerful enough to defeat the evil Tritannus and the Trix. There are two new evolutionary fairy transformations in this season: Harmonix and Sirenix that even Indonesia may have overtaken us in the children's TV genre as characters Stella, Aisha, Musa, Tecna, Flora and Bloom. When the local networks were buying from Mexico, Columbia, Taiwan, Japan, Indonesia, India and Korea, we least expected that one day we would be importing TV programs from Italian. **Winx Club** is an Italian animated TV series directed, created, and produced by Iginio Straffi about action and fantasy show combined with comedic elements. In the mystical dimension of Magix, three special schools educate modern fairies, ambitious witches and supernatural warriors, and wizards from all over the magical universe from Alfea school, in the face of established programs on the other networks, **Winx Club** has been the number one spot on weekdays such a phenomenal success, it set a programming trend that resulted in our competitors doing against the teleserye in a gained ratings because of their most watched TV show. They adapt each other's TV shows to see which will gain more viewership ratings.

The Book of Sirenix gave them Sirenix Boxes and much stronger Harmonix powers. Before they achieve Sirenix, they must find the Gem of Self-Confidence, Gem of Empathy, and the Gem of Courage. Unfortunately, there is a dark and evil curse upon Sirenix that left Bloom's older sister, Daphne, a disembodied spirit without a physical body when she had used its tremendous power to defend herself. Daphne was the last fairy to achieve Sirenix's ocean/sea-based transformation and enormous power until the Winx Club gain full access to Sirenix and cross the gate into the infinite ocean itself. Finally, the Winx gain Sirenix after activating the source of the power in Lake Roccaluce where Daphne lives due to her connection to Sirenix. Unfortunately, the Trix gain dark Sirenix with the help of Tritannus and plan to defeat the Winx Club.

The **Kapinoy** network and **Viva** have a blocktimer partnership by providing viewers, chiefly kids just home from school or the playground, a refreshing innovative to early primetime, the kitsch and sugar of telenovelas and sensationalism of newscasts. Catch the animated series, dubbed in Filipino, weeknight at 6:00pm.

IBC 'The Kapinoy Network' Launches New Shows

March 22, 2014

If **ABS-CBN** is known as the **Kapamilya** network and **GMA** is known as the **Kapuso** network as well as **TV5** is also known as the **Kapatid** network, **IBC** wants to be called as the “**Kapinoy**” network competing for supremacy in the two major TV networks in the country.

The station strives to deliver innovative and creative programs that spans news and current affairs programs, public service shows, educational and children shows, high-quality entertainment, sports, Viva Tagalog movies, Asian dramas and tokusatsu and animes to delight and make a mass-based Filipino audience, from the local Filipino families to MTV-generation youth and to the Global Filipinos to change the viewing habits of the Filipino people to entice a younger audience.

DZMZ ingeniously reinvented itself into **iDMZ 891 (Danze Muzic Zone)** with a tagline **Your Dance Music Source** and **Sayaw Pinoy!**. **iDMZ 891** successively with the hip-hop, R&B and dance music trends. Today, **iDMZ 891** continues to fly high with the dancing craze and hip-hop tunes.

In caused of the **PCGG** for the floating of privatization, the government-owned sequestered TV and radio station officially launched its claim as the third wheel in local TV landscape in a very explosive and extravagant trade relaunch staged last March 21, at the **Smart Araneta Coliseum** in Diliman, Quezon City suggesting offerings from the **Kapinoy** network are already intruding this thread to bash that means **IBC** is indeed starting to be a competitive threat to the other 2 stations during prime time on **Channel 13** – part of the **Intercontinental Broadcasting**

Corporation (IBC). IBC is also one of the three government-owned television networks in the Philippines, and is broadcasted across the country.

More work in the entertainment industry and more quality programs for the audience from the soap operas and fantasy series that dominate rival schedules are already in strong number three terms of ratings. He said **ABS-CBN** and **GMA Network** were getting almost 100 percent of the advertising revenues in the television industry and that other networks received a little portion of the total budget as **IBC** in 30%.

The lessons above reflect in **IBC's** core values

today: **Meritocracy, Excellence, Teamwork, Teaching and Learning, Honesty and Integrity** across all the station's programs.

Home to the **Viva** Tagalog movies, the station-produced local sitcoms, the trend-setting soap operas and fantasy series, variety shows, tokusatsu and anime hits, game shows, reality shows, top-rating asianovelas and telenovelas and the **PBA** and **NBA** basketball games for the Filipino sports fans as well also as the mixed martial arts **ONE FC**, **The Superstar Network** became more aggressive surging ahead in the ratings game at the phenomenal growth, they brought back great tokusatsu anime hits in the Philippines and shook up its programming schedule in both weekday and weekend slots, in hopes of reversing the downward trend in terms of ratings for the weekday morning slot as the potential of animes and tokusatsu for high ratings.

For 54 years in a row, **IBC-13** has been presenting its new shows to media, also fighting with a vengeance in this powerful battle despite the dominance of giant networks **ABS-CBN** and **GMA-7**.

Programming strategy has been working **Channel 13** has more 'mass' shows and can throw its weight around of its reach. They keep the cartoons during times when children are home and primetime is more for family oriented shows. Everyone can watch the shows and make for a bigger audience.

IBC there have some 'popular' anime and tokusatsu that are watched by advantage doing the right thing by posting soaps in all around ad revenues to accommodate loaded primetime programs.

A government-state channel was the channel aired the first anime in the Philippines. **Candy Candy**. It was aired in the late 70's before the rise of the mecha animes like **Voltes V**, **Daimos**, **Battle Ball** and **Starblazers**. Today, it is the home of the tokusatsu hits, sentai and some anime series: **Ghost Fighter**, **Kirarin**, **Cyborg Kurochan**, **Time Quest**, **Kamen Rider Fourze** and **Sky Ranger Gavan** reign there anime put up their powerhouse line-up.

We hope that our presence as a relatively new and exciting player will help expand the field for the industry's growth as a whole. We remain committed to the mission and vision of **IBC** that truly serves the best interests of our brothers and sisters, wherever they may be."

Richard Yap-Jodi Sta. Maria starrer Sir Chief Loves Maya emerges as most watched program on Saturday

April 7, 2014

Since its primetime lineup was made up mostly of local shows--thus, perhaps, also explaining its taglines, *Basta Pinoy sa Trese* in 1986, *Pusong Pinoy*, *Pusong Trese* in 1989 and *Pinoy ang Dating* in the mid-'90s.

IBC showed their muscle in the mid 80's and became the #1 network until 1988. Most of the local shows were pirated from IBC - Alma Moreno's *Loveliness*, *Chicks to Chicks*, *The Sharon Cuneta Show*, among others. Other IBC shows included *TODAS* (Wednesdays at 7:30), *Iskul Bukol* (Tuesdays at 7:30), among others.

And now, IBC which shows the most number of local productions, with topping the list of the trend-setting hit fantasy series *Janella in Wonderland*, the hit drama series *Your Heart, My Love* and the romantic dramedy series *Crazy Little Thing Called Love*, two of the primetime game shows *Who Wants to be a Millionaire?* and *The Million Second Quiz*, a reality show *Born to be a Superstar* and the two sitcoms *Maya Loves Sir Chief* and *Iskul Bukol Men*, drama anthology *Sandy's Romance* and an all-male gag show *Happy TODAS*, as well as its popular sports programs like the *PBA* and *NBA* basketball games, and *ONE FC* fights the battle. Sitcoms have become rarer and rarer nowadays, with TV programming becoming filled with fantasy-themed daily shows and romantic comedies from our Asian neighbors. Now, it is hard to believe that for a time, sitcoms ruled primetime television, with a different one, airing every night. Those classic Kapinoy sitcoms *Iskul Bukol*, *Chicks to Chicks*, *Sitak ni Jack*, *Barrio Balimbing*, *Eh Kasi Babae* and *13, 14, 15* aired for more than a decade but nowadays, sitcoms are struggling to compete among more popular show formats.

Past local sitcoms, those light and funny TV fares that reflect the Filipino way of life, have contributed much to local popular culture. Now, it's almost a situational comedy genre are now hailed by fans.

IBC-13 continues its blitzkrieg of new programs following the successful launching of three new soap operas: mermaid fantasy series *Janella in Wonderland*, romantic soap drama serial *Your Heart, My Love* and a most romantic dramedy series *Crazy Little Thing Called Love*, and the comedy sitcom *Maya Loves Sir Chief* in an aggressive bid to firm up its No.3 position and move up to the top slot in the industry. Also, the basketball action of the *PBA* and *NBA* games helped boost Channel 13's ratings.

It marks the comeback of the classic sitcom which the Kapinoy Network is said to have pioneered. When the sequestered TV network IBC-13 announced that it is filling up its important Saturday night lineup with the romantic sitcom *Maya Loves Sir Chief* (Saturday 10:00PM), it appeared like a gamble on the network's part, with the timeslot usually being reserved for variety shows and more lucrative reality programs. Aside from this, other top-rating Kapinoy sitcoms as *Abra Gayuma* (Thursday 8:00PM) and *Iskul Bukol Men* (Sunday 8:30PM).

The Kapinoy network's newest sitcom comedy *Maya Loves Sir Chief* made the strong first romance family upon the airing of its pilot episode last Saturday (November 30), topping the rating charts and ranking the number one nationwide which is top-billed by the leading lady-comedy queen Jodi Sta. Maria as Maya dela Rosa and the veteran actor Richard Yap as Sir Chief Lim.

IBC Entertainment TV head Laurenti Dyogi said Saturday night prime time is the network's most watched program block. "Our weekend shows get the highest ratings for IBC. With addition of *Maya Loves Sir Chief*, we are confident we can boost our Saturday ratings further," Mr. Dyogi told reporters last week.

The network's chairman Eric Canoy said the decision to come up with a sitcom on Saturday night primetime is a counter-programming strategy for IBC -- rival TV stations are airing come drama programs from soap operas and fantasy series, game shows and reality shows in the same time slot.

Overall, *Maya Loves Sir Chief* is what it is: a light and comedy family viewing on Saturday evenings in the couple of the family, enjoyed while having the weekend meal with the family in need of more interesting story twists and excitement as the longest-running primetime comedy sitcom in Philippine television history.

Also, they both Jodi and Richard are reunited for the another project starred in the network's successful daytime hit teleserye *Be Careful With My Heart* on ABS-CBN, which is already premiered in July 9, 2012.

According to data from Kantar Media, *Maya Loves Sir Chief* raked in 23.4% in TV ratings, making it the most watched TV program continues to be the number 1 primetime sitcom among

last Saturday's shows in both urban and rural areas, and premiered strongly dominated its recent competitors such as *Palibhasa Lalake* which is starring Marvin Agustin, Coco Martin, Vhong Navarro and Pokwang with 17.5% and the box office king Vic Sotto and Oyo Boy Sotto's *Vampire Ang Daddy Ko* with only 16.8%.

Feedback from viewers via social media also proved the show was a hit always the intense wish for the new project to succeed, with many becoming instant fans of the Jodi Sta. Maria-Richard Yap tandem about the kilig moments fall in love with a comedians and comedienne of the top-rated sitcom. "We are so happy with the high ratings and we offer this success to all the fans who made the show no.1."

This coming Saturday (April 12), catch another light and romantic episode and find out how Sir Chief (Richard Yap) and Maya dela Rosa (Jodi Sta. Maria) with each other—from the love traingle the two faced as a couple leading up to a kind of romantic that is uniquely their own.

Find out how their love story played out in *Maya Loves Sir Chief*, airing Saturday nights at 10:15PM after the newest third season of reality show *Born to be a Suprstar* on IBC's Panalo Weekend.

Meanwhile, the fun goes even further with the *TODAS Kids* gaud on Kapinoy comedy shows this 2014, as *TODAS Kids* with the noontime children tons fun kids with all-new special guests and *Happy TODAS* with an awesome all-male laughter, more hilarious gags and sketches, and comedic performances with hottest mens and sexy ladies start on Saturday nights right after *Maya Loves Sir Chief*.

Catch *TODAS Kids* from Monday to Friday at 12:00NN before *Lunch Break* and *Happy TODAS* on Saturday nights at 11PM right after *Maya Loves Sir Chief*.

The company reported that costs and expenses rose 10%, slower than the 13% revenue growth rate for the year.

Global IBC has allowed IBC-13 to further broaden its reach to Filipinos in the Middle East, adding around 50,000 customers, while the company’s partnership with the owners of the Wenn V. Deramas properties will bring the popular local superheroes to television sets and theaters in the Philippines and overseas. SkyCable continues to dominate the cable TV business with more subscribers than its nearest competitor.

“It has been a busy and productive year, and this year may be even busier,” said CFO Fugoso. “We launched our IBC Telephone and IBC Mobile in the fourth quarter of last year.”

In chase of privatization efforts becoming the afloat. According to Kantar Media, the top fifteen programs in 2013 from top 30 for free-to-air television were all produced by IBC-13. The company hopes to further boost its audience share once it improves the reception of channel 13 in the Mega Manila area and Central Luzon. This should be achieved through IBC-13’s transition to digital terrestrial television.

Mr. Rey Sanchez, Head of Channel 13 stated “Our performance last year has allowed us to declare a 30 centavo per share cash dividend, payable to shareholders on May 7, 2014.” “I believe our company is on a solid growth path, and I am extremely excited about our prospects for the coming few years.”

Various international brokerage firms, including Jose Avellana as the COO, and Maybank ATR Kim Eng, have included IBC-13 in their research coverage, and all are positive about the

The Kapinoy Network turns the corner, gears up for competition

February 24, 2014

The Kasama Network Radio Philippines Network (RPN), posted profits of P15 million in the first half of the year, a turnaround from the full-year loss of P10 million incurred in 2013.

Roebert T. Rivera, RPN president and CEO, expects more robust performance toward yearend as the unit estimates a net income at least P5 million for the third quarter alone. He attributes the years record revenues to better programming, acceptance by its target viewers and positive perception of advertisers with its niche foreign language programming draws high numbers via American TV series and programs that appeal to young, upscale and masses viewers, said RPN chairman Wilson Tieng.

RPN broadcasts all English language programs through a nationwide network of VHF stations. In a survey conducted by Trends, RPN emerged as the number 3 station among the A-B socioeconomic group and also among the A-B-C classes in the upscale and masses age group. In terms of image among the A-B-C-D-E respondents, the station under most exciting and in the category hip and cool and the number 3 spot, next to ABS-CBN and GMA along with the number 3 runners of IBC and TV5, according to the recent survey of Kantar Media. The industry perceives RPN-9 as a trailblazing phenomenal TV station owing to its innovative concepts, flexibility, and introduction of new, high quality products both in terms of programs and advertising opportunities. The station has also improved its signal quality tremendously. It owns and operates 10 broadcasting stations throughout the Philippines and 15 radio stations.

Due to our continuing investments in better facilities and transmission equipment, The Kasama Network now has a strong signal that is as crystal clear as anyone else's in Mega Manila. Mega Manila is not only Metro Manila but also includes the surrounding provinces such as Bulacan, Pampanga, Cavite, Rizal, Laguna and Batangas, Quiogue says. He adds that the VHF channel now has the third most extensive reach nationwide, behind ABS-CBN Channel 2 and GMA Channel 7 along with number 3 slot of IBC and TV5.

RPN directs programming toward a young, upscale and mass audience in which specifically targeted by the leading VHF channels. It is the station of choice for advertisers who want to reach affluent audiences. It broadcasts some MTV per week of airtime, airs Metropolitan

Basketball Association (*MBA*) games four times a week and shows strong foreign canned programs from the US such as *Glee*, *America's Next Top Model*, *New Girl*, *Community*, *Hell's Kitchen*, *American Idol*, *The Walking Dead*, *2 Broke Girls*, *The Vampire Diaries*, *Chicago Fire*, *The Neighbors*, *NCIS*, *Beauty and the Beast* and *Survivor*, a hit telenovelas *Mar de Amor* and *Porque el Amor Manda*, and Koreanovela hits *He's Beautiful*, *Can You Hear My Heart* and *Dear My Sister*.

Quiogue believes the station will maintain its competitive edge not only over other free channels (both VHF and UHF) but also over cable channels which target the same young audiences. Advertiser wants to focus on the affluent or the youth, RPN can offer him a complete array of program options, he concludes.
